Hoffmann & Baron Celebrates 20 Years of Service

Hoffmann & Baron, LLP is celebrating 20 years as a leading full-service intellectual property law firm. The firm's practice includes securement of patent, trademark, and copyright rights, counseling, licensing, and litigation of patent, trademark, and copyright-related issues worldwide.

Dan Scola, senior New Jersey partner, states, "Hoffmann & Baron, LLP provides national and international clients with a distinguished level of service based on extensive legal experience, and highly specialized technical education and training of the partners and associates."

Several qualities enable the firm to provide clients with a distinguished level of service. In addition to the exceptionally strong technical and academic credentials of the partners and associates, most of the firm's attorneys have held research or engineering positions in industrial or academic environments. Their role as legal advisors is enhanced and expanded by this immersion in the technology of the fields they serve. Such experience also provides the firm with insight into a client's legal challenges and opportunities.

Hoffmann & Baron, LLP's senior partners, from left, are Salvatore J. Abbruzzese, Ronald J. Baron, Charles R. Hoffmann, and Daniel A. Scola, Jr.
